

Put your photo ID on file.

Our new system enables us to add more protection to your account information. We can upload a photo ID of you to our system that is visible to our staff when your accounts are accessed. This advanced technology helps prevent fraud, giving you the peace of mind knowing that your accounts are safe and secure at KECU.

If you would like your photo uploaded to your account information, simply visit our office and we will scan your photo ID, such as a driver's license. This service is free and it will only take us a few moments to upload your photo. If you have questions, contact one of our Members Service Representatives.
